# Symfony Catalunya 2016

Maybe another International Symfony Event
23 and 24 July, Barcelona

About the event

We created this event by and for symfony developers, therefore and beside Barcelona is a recognized technology center we created the event.

The event will be affordable for everyone, and we believe that we will fill all Auditori Axa's seats (600).

It's our first edition but certainly it not be the last.

About the event

We want an event to help them learning new things, a focused event on results and it will be as practical as possible.

The event will be fully in English so we expect people from all over Europe, which will be a great opportunity for international visibility for your business.

The organizers

We have experience in organizing events:

- Marc Morera: Organizer of the Symfony Barcelona
- Víctor Guardiola: Core member of PHP Barcelona Conference
- Aldo Chiecchia: CTO at Antai VB

Sponsorship Package

We've only one sponsorship package, that includes:

- Your logo on the web and throughout the conference material
- Mentions in social networks, previous and during the event
- Possibility for adding a flyer and/or a gift into the attendees' bag
- Possibility to raffle some gift among the attendees
- Tickets for your employees at Early bird price

Only for 300€ + VAT

Adéu! Fins aviat :)
¡Adiós! Hasta pronto :)
Bye! See you soon :)
